

EMMANUEL PRIMARY SCHOOL TOILET PROJECT REPORT.

Emmanuel primary school is one of the projects of the Sister of Mary of Kakamega. This school has over 350 pupils. One of the needs of this school was toilets to enable the children feel comfortable and also for the school to meet the public health standards. The school was privileged to be one of the beneficiaries of the Lenten fund raise of the year 2023 and 8 toilets were constructed to help the children. The fund had constructed earlier a toilet that was yet to be completed and therefore this toilet also was completed using this fund and now the school has a total of 16 toilets for the children.

GRATITUDE

I understand well that many people are involved in the Lenten fund raise. Kenyan children have been a great beneficiary of this fund.

Children are also involved in raising this money to help other children, I cannot take this for granted. I therefore wish to pass my sincere heartfelt gratitude to everyone involved in this gesture. The parishioners, priests, the bishop, children, parents. May God keep you safe, give you good health and enable you to be happy and enjoy good health. We will always pray for you and wish you well for this gesture.

FINANCIAL REPORT

	item	quantity	Cost per item (ksh)	Total cost (ksh)
1	cement	80 bags	950	76,000
2	ballast	25 tone	2000	50,000
3	murum	20 tone	1800	36000
4	bricks	3000	10	30000
5	D 10	20	750	15000
6	D 12	30	850	25500
7	Binding wire	50kg	200	10,000
8	timber	750 ft.	40	30000
9	Water proof cement	50	780	39000
10	offcuts	50	250	12500
